Personalize your Professional Flex MBA with more than 40 electives, technical certificates, and concurrent degrees, aligning your MBA with your strengths, unlocking areas of opportunity, and helping you pursue your passion.

40+
MBA electives, plus concurrent degrees and certificates, to customize your degree

77%
of companies are looking to hire MBA graduates
– GMAC Corporate Recruiters Survey 2019

Alumni confirm the value of an MBA

83% developed new skills
84% advanced in their careers
68% received more promotions
– GMAC 2018 Alumni Perspectives Survey

The MBA program is collaborative, so as students we get to analyze a situation from different viewpoints. The diversity at ASU – be it the faculty or classmates – has enhanced my ability to understand business and discover global perspectives.

Anushka Katyayan, Professional Flex MBA 2019
With a comprehensive core curriculum and a variety of elective courses, the W. P. Carey Professional Flex MBA will transform your knowledge, whether you want to advance in your current field or take your career in a bold new direction. Choose the combination of face-to-face or online courses that fits your schedule, and customize your MBA to align with both your professional goals and your lifestyle.

Depending on course scheduling, concurrent non-business ASU degrees and technical certificates can add even more value to your MBA.

### Core courses

**Organizational Theory and Behavior**
Analysis of various business problems and situations, and development of appropriate communications strategies.

**Managerial Statistics**
Fundamentals of quantitative analysis to aid managerial decision-making under uncertainty.

**Financial Accounting**
Financial accounting concepts and procedures for external reporting.

**Managerial Economics**
Application of microeconomic analysis to managerial decision-making at the firm level in areas of supply and demand, production, cost, and pricing. Evaluation of competitive strategies.

**Managerial Finance**
Theory and practice of financial decision-making, including risk analysis, valuation, capital, budgeting, cost of capital, and working capital management.

**Marketing Management**
Managing the marketing function; market and environmental analysis; marketing planning, strategy, and control concepts. Development and management of marketing programs.

**Managerial Accounting**
Managerial accounting concepts and procedures for internal reporting.

### Areas of emphasis

Optional areas of emphasis allow you to add depth to your Professional Flex MBA in a specific discipline — giving you even more flexibility and matching your degree with your strengths and career aspirations.

- **Finance**
- **International business**
- **Marketing**
- **Supply chain management**

### STEM-designated program

The STEM designation – administered by the U.S. Immigration and Customs Enforcement agency within the Department of Homeland Security – allows eligible graduates on student visas access to an Optional Practical Training (OPT) extension, up to 36 months, as compared to 12 months for non-STEM degrees.

The longer work authorization term may help international students gain additional real-world skills and experience in the U.S.
