Each W. P. Carey MBA is STEM-designated by the U.S. Immigration and Customs Enforcement agency within the Department of Homeland Security. The STEM designation allows eligible graduates on student visas access to an Optional Practical Training (OPT) extension, up to 36 months, as compared to 12 months for non-STEM degrees.

The longer work authorization term may help international students gain additional real-world skills and experience in the U.S.

*All tuition and fees are subject to change without approval by the Arizona Board of Regents.

Note: Part-time MBA programs range in cost. Estimates shown for Professional Flex MBA based on a two-year schedule and Fast-track MBA based on a one-year schedule. Contact your admissions representative for details.
